

19th June 2026

Dear Parents and Carers,

With the temperatures forecast to exceed 28 degrees next week, we are making a temporary adjustment to our uniform expectations to help the children remain comfortable throughout the school day.

On Monday 22nd June, the children may wear their school PE kit instead of their normal school uniform. No football kits, vest t-shirts, gym wear or any cropped topped or very short shorts should be worn. It should be a school PE kit, which is a plain white or house colour t-shirt and football style shorts or cycle shorts.

We are asking for your support in ensuring that the children are dressed appropriately for the weather and school. The children will need to have suntan lotion applied, a bottle of water and a hat.

We will be reducing the time they are spending outside over lunchtime and for PE lessons, especially on Monday and Tuesday.

On **Tuesday morning we have our class photos**; please can the children wear their school uniform for the photos and then bring in their PE to change into after their photo has been taken.

A decision around the remainder of the week, will be made on Monday 22nd.

Friday remains a non-school uniform day for the children to bring in an item for the tombola for PATCH.

We really appreciate your support with this in making everyone as comfortable as possible.

Your sincerely

Mrs S. Cantini

Head of Academy.
